- Ballot drop off — In addition to our ballot drop boxes, all voting centers have a secure ballot deposit box available.
- Helpful election workers to assist you.
- Provisional ballots.

# Puyallup School District No. 3

## Special Election - Proposition No. 1

### Replacement Educational Programs and Operations Levy

See complete resolution text at  
PierceCountyElections.org

The Board of Directors of Puyallup School District No. 3 adopted Resolution No. 122 2017-18 concerning educational programs, operations and maintenance of educational facilities. If approved, Proposition No. 1 will continue to fund daily operations not funded by the state including teachers, paraeducators, nurses, textbooks, materials, class sizes, arts, music, athletics, playgrounds/playfields, heating, plumbing, health, safety, fire-alarm and security; and levy the following excess taxes, replacing an expiring levy, on all taxable property within the District:

Collection Year	Estimated Levy Rate/\$1,000 Assessed Value	Amount
2019	\$1.50	\$31,500,000
2020	\$1.50	\$33,000,000
2021	\$1.50	\$34,500,000
2022	\$1.50	\$36,500,000

all as provided in Resolution No. 122 2017-18. Should Proposition No. 1 be approved?

#### Explanatory Statement

Puyallup School District No. 3 seeks voter approval to renew the educational programs and operations levy that will expire in 2018. The replacement levy would be in effect for 2019-2022.

Proposition 1 will help the school district to maintain K-12 programs and fund daily operations in all neighborhood schools including programs not funded by the state. Proposition 1 would continue funding classroom teachers, instructional assistants, nurses, special education instruction, advanced classes for high-achieving students, supplemental programs to bring students up to grade level, textbooks and learning materials, reasonable class sizes, technology support, arts, music, extra-curricular programs and athletic programs, maintain school playgrounds and playfields, heating, plumbing, health, safety, fire-alarm/security systems, campus security and emergency preparedness. An approved levy will generate a maximum of \$31.5 million for 2019 which is \$22.6 million less than the 2018 levy approved by voters in 2014. The actual amount collected may be less based on the current maximum levy rate of \$1.50.

Exemption from taxes may be available to homeowners who are 61 or older, disabled, and who meet certain income requirements. To determine if you qualify, call the Pierce County Assessor at 253.798.2169

#### Statement For

##### Proposition 1

Successful students and strong communities need excellent schools. Replacement of the levy ensures support for Puyallup students.

##### Renew the expiring levy

This levy is not a new tax. It renews a levy which will expire in 2018. The daily operations of each school rely on our support of this levy.

##### Fiscally responsible

The school board has kept taxpayers in mind when asking us to approve this levy. They approved an inter-fund loan to reduce the amount of taxes collected in 2018. We think directors have been good stewards of the funding provided in the past and trust them to make good decisions with this funding as well. The proposed 2018 levy rate is \$1.98 less than the current tax rate – significantly lower! It's less than half of what is being collected now!

##### Great communities have great schools

Invest in our community. Invest in our students. Vote Yes for Puyallup Schools and ensure support for Puyallup students.

#### Statement Against

No statement was submitted against this issue.

# Fire Protection District No. 21 (Graham Fire & Rescue)

## Special Election - Proposition No. 1

### Excess Property Tax Levy for Maintenance and Operation Expenses

See complete resolution text at  
PierceCountyElections.org

#### Ballot Title

The Board of Fire Commissioners of Pierce County Fire Protection District No. 21 (Graham Fire & Rescue) adopted Resolution No. 891 concerning a replacement levy for maintenance and operations expenses. If approved, Proposition No. 1 will authorize the District to levy, without regard to the dollar rate and percentage limitations imposed by Chapter 84.52 RCW, the following excess taxes on all taxable property within the District, for maintenance and operations and to maintain current levels of fire and emergency medical services:

Collection Year	Estimated Levy Rate/\$1,000 Assessed Value	Levy Amount
2019	\$0.60	\$4,300,000
2020	\$0.56	\$4,300,000
2021	\$0.54	\$4,300,000
2022	\$0.51	\$4,300,000

all as provided in Resolution No. 891. Should Proposition No. 1 be approved?

#### Explanatory Statement

Graham Fire & Rescue is placing a maintenance and operations excess levy proposition on the February 13, 2018 ballot. This proposition will authorize the fire district to collect \$4.3 million annually for four years, at an approximate rate of \$0.60 to \$0.51 per \$1,000 of assessed valuation, starting in 2019 and ending in 2022. The actual rate should decrease every year due to growth in the total assessed valuation. This proposition reauthorizes the same initial rate approved by the voters on November 4, 2014.

The fire district has seen significant growth in population (19% in the last ten years) with a greater increase in incident response demand (41% in the last ten years). Current staffing levels are inadequate to sustain the current response times due to this increase in demand for service. Ability to meet future service demands will be compromised without increased staffing levels. Graham Fire & Rescue responded to 6545 Incidents in 2016.

Approval of this proposition would maintain the current level of services, by allowing an increase in staffing levels to meet current demand, provide for replacement of aging medical transport units and fire trucks, critical lifesaving equipment replacement, while maintaining District reserves.

#### Statement For

**Not A New Tax** Proposition No. 1 is not a new tax. It reauthorizes the Fire Department to collect property taxes previously approved by voters. The proposed rate of \$0.60 per \$1,000.00 on a home valued at \$300,000.00 would cost \$180.00 annually - less than \$0.50 a day.

**Increasing Populations With Limited Resources** Graham Fire receives two dimes out of every dollar collected in property taxes but provides emergency medical, life and property protection, as well as fire suppression and prevention services to more than 60,000 residents and growing.

To provide these essential, lifesaving services, professionally and accountably to an increasing population, this maintenance and operation measure must pass. Without your support, station closures, increased response times, and a reduction in first responders is inevitable.

**Supported by Firefighters and Fire Commissioners** Professional Firefighters and the Board of Fire Commissioners determined this measure to be both necessary and essential for the protection of life and property. Thank you in advance for reauthorizing Proposition No. 1.

#### Rebuttal of Statement Against

The Fire Chief and Board of Fire Commissioners proposed *reauthorization* of the maintenance and operation levy previously approved by voters. The protection of life and property are the only special interest this measure serves. The opponents of Proposition No. 1 were either removed from the Board of Fire Commissioners by the voting public, or have drawn challenges seeking their removal from public office. Protect our community. This is *your* Fire Department. Yes on Proposition One!

**Committee Members:** Gina Blanchard-Reed, Ryan Portmann, and Lukas Wahl, [YesGrahamFire@gmail.com](mailto:YesGrahamFire@gmail.com)  
Yes Graham Fire

#### Statement Against

Do not be fooled by misinformation, this union backed issue will increase your taxes! The call volume is incorrect, they have included mutual aid calls, they are not required to respond to. The idea that they are required or need to have more fire fighters on a engine is not based on facts or law. The National Fire Protection Association only requires that your Fire department meet the intent of the regulation.

Your new Board of Fire Commissioners and new Fire Chief wants to add up to 30 or more fire fighters based on new taxes, do not be fooled, make your Fire District live within the current 17 million dollar budget, which is supporting the current manpower levels.

When you hear about layoffs it's not based on the facts. This is your fire department, you control how it is run and funded not unions, or special interest. Vote no

#### Rebuttal of Statement For

2014 your taxes to support the fire department were \$9,320,000. 2018 total will be \$17,150,000. It will have gone up more than \$7,830,000 in taxes and fees in just four short years. They want a M & O tax of \$4,300,000 a year, before knowing what the evaluation will have gone up. For 2018 new taxes and GEMT will bring in \$1,608,000 more. The average homeowner makes \$48,000. Now they want \$17,200,000 more. Vote no no.
