Community Involvement: Numerous local and national not-for-profit and church boards and committees, Chamber of Commerce member.
Personal views: Born in Tacoma, raised in University Place, and now a resident in DuPont, I know the people I'll represent. As a small business owner and financial analyst, I'll make every dollar count. I'll work hard to maintain and improve quality in our schools and I'll focus on economic opportunity. As co-founder of the Business Leadership Program at University of Puget Sound, I realize that government alone can't create jobs. But it can help businesses in developing the jobs our community needs. Endorsed by Mayor Bill Baarsma, Senator Marilyn Rasmussen, Rep. Jeannie Darneille, Joe Diaz, Joe Stortini, Willie Stewart, Art Wang and Bob Yamashita as the A-level candidate for this position.

Personal views: "My commitment in the Legislature is to serve the people of our community. And my experience helps me get the job done. For example, I authored the 'Becca Bill' that has returned 17,000 children annually from the streets to schools and reduced daytime burglaries 60 percent. I led the successful legislative effort to force other counties to take back their fair share of sex predators from McNeil Island. I ask for your vote so that I can continue working for a better, safer community. Thank you."

Education: BA Religion; MA Psychology.

Occupation: Mental Health Therapist at Good Samaritan Hospital.

Professional Qualifications: Working with patients in a hospital has given me the experience to understand healthcare issues. I am concerned with the high cost of insurance when coverage is minimal!

Personal Information: Married six years to Kevin Hall, who is an Army Veteran, Correction Officer, and Youth Pastor.

Community Involvement: Member of West Slope Neighborhood Coalition, Truth and Grace Community Church, and facilitate Substance Abuse Treatment. Volunteered at Remann Hall, Refreshing Wind Bread Ministry, and taught Sunday school for five years.

Personal Views: I am running for State Representative because there is a need for renewed leadership in Olympia. I want to be part of the solution, not part of the problem. I will fight for better schools, safer neighborhoods, and a **responsible solution to the high cost of prescription drugs and health insurance**. My professional experience with the criminal justice and health care systems is something we desperately need in Olympia. I also want a transportation plan that makes sense for taxpayers. Most importantly, I have the energy, tenacity, and integrity we need to provide commonsense leadership in the Legislature. You're concerns are my top priority. When you talk, I will listen.
