Personal Views: As your Secretary of State I will work to ensure clean, fair, and constitutional elections. New electronic voting machines bring with them an increased risk of fraud. To ensure transparency we must have voter verified paper ballots, mandatory random audits, and open source elections software. Political parties are private organizations with the constitutional right to freedom of association, including the right to nominate their own candidates without the interference of "crossover voting" by non-members. The Primary "Election" doesn't actually elect anyone, it only selects each party's candidate for the November General Election. Incumbent Sam Reed attempted to limit your choices in the General Election (the one that actually elects people) to only two candidates! Now the Grange is trying to do the same thing with their misleadingly named "People's Choice" Initiative 872. I urge you to protect your right to choose between more than two candidates and vote against I-872. A better solution is to eliminate the Primary "Election" altogether, and replace it with Instant Runoff Voting in the General Election. Initiative 318 will help solve our Primary Election problem and elect the candidates who truly have the most support. I urge you to sign and support I-318. Vote Libertarian!
