**Personal Views:** With over 21 years experience as an Insurance Agent, I, Earl C. Dennis, have improved over 1000 clients' immediate and future financial positions. I recognize the frustration caused by the blatant fact that Washington's Insurance bureaucracy does not make available to Washingtonians many of the excellent insurance products easily available (only) to the residents of other states. The Insurance Commissioner must be someone, like myself, who understands the insurance industry from three directions—the insurance companies, the insurance agents and their effect on the Consumer—in order to benefit his fellow Washingtonians. Born, raised, and married in Washington State, my wife Sue and I are happily married for 25 years and proud parents of three sons, Earl (24), Michael (21), and Tony (17). I am a current member of the Board of Directors for Cascade Swim Club and a certified Stroke and Turn Judge for Pacific Northwest Swimming. I raised funds for charities and schools through auctions, golf marathons, and other activities. After college in Seattle, I attended over 350 hours of continuing education and seminars specializing in insurance. In addition, I study the changes and updates of insurance so that I can effectively meet the insurance needs of my fellow Washingtonians.

**John Adams**  
**Republican**  
1715 W Nickerson St  
Seattle, WA 98119  
(206) 283-0212

**Personal Views:** Your Insurance Commissioner must be more than an administrator. The Commissioner should be both an advocate for consumers, and a regulator/protector of the insurance industry. Let's face it, one of the reasons for higher insurance costs and fewer options is because of unrestrained litigation and greed. Extreme judgments contribute to the rising insurance costs that have driven doctors from their practices, insurance companies from our state. Average families and many business cannot afford medical coverage/benefits. We have all heard the old saying, "if it isn't broke - don't fix it". It's time to wake up! *The system is broke - it does need fixing.* Let's work for common sense and creative solutions. John Adams began his career as an insurance professional with the Hartford Insurance Group. He later joined the Marsh/McLennan brokerage, and now owns his own small insurance firm. He is a lifelong resident of Washington, a graduate of the University of Washington, a VN-Veteran and Eight year School District director, LK-WN#414. Let John Adams bring 34 years of professional experience in the insurance business to the Commissioner's office. Give him a chance to begin to fix a broken system. Vote John Adams for Insurance Commissioner!!

## Insurance Commissioner

**Curtis L. Fackler**  
**Republican**  
**3327 W Indian Trail**  
**Rd #165**  
**Spokane, WA 99208**  
**(509) 467-7392**

**Education:**

**Occupation:**

**Professional Qualifications:**

**Personal Information:**

**Community Involvement:**

**Personal Views:** Curtis Fackler has an eighteen year history as an independent insurance agent and business owner. Fackler believes you should have control over your health care dollars not some insurance company or bureaucrat. Curtis Fackler will increase medical insurance choices. He will introduce legislation to deny insurance companies from using credit scoring and require proof of insurance at license tab renewal. Fackler is a dedicated advocate of Tort Reform which will ensure our health care and bio tech companies remain in the state. We must change from the idea of one-size fits all to choices for everyone. Curtis Fackler is the individual to make these changes. The last twelve years, the Insurance Commissioner has had no background or experience in the insurance industry. Now our medical insurance premiums have increased to over \$1,000 a month for many families. The number of uninsured in both health and auto insurance is dramatically increasing. Every year we see doctors fleeing the state due to increasing malpractice rates. The Office of Insurance Commissioner required the largest medical insurer in the State to spend \$35 million of policy holder premiums to answer department regulatory requests. Curtis Fackler has the experience to make changes.
