Special Election - Proposition No. 1

Submitted by Puyallup School District No. 3

CAPITAL IMPROVEMENTS AND SCHOOL CONSTRUCTION

GENERAL OBLIGATION BONDS - \$259,500,000

Official Ballot Title:

The Board of Directors of Puyallup School District No. 3 adopted Resolution No. 25 2006-07 concerning a proposition to finance capital improvements to its facilities districtwide. If passed, Proposition No. 1 would authorize the District to replace Firgrove, Northwood and Spinning Elementary Schools; build an additional elementary school; expand Emerald Ridge and Puyallup High Schools; upgrade Ferrucci Jr. High and Sunrise, Wildwood, and Hunt Elementary Schools; improve Sparks Stadium; construct other capital improvements, including safety and technology; issue general obligation bonds maturing within 20 years in the amount of \$259,500,000; and levy annual excess property taxes to pay such bonds, as provided in Resolution No. 25 2006-07.

Should Proposition No. 1 be approved?

Explanatory Statement:

Puyallup School District seeks approval to sell \$259,500,000 in bonds to finance the replacement of Firgrove, Northwood and Spinning Elementary Schools with new schools; construct an additional elementary school; expand Emerald Ridge and Puyallup High Schools; upgrade Ferrucci Jr. High and Sunrise, Wildwood and Hunt Elementary Schools; improve Sparks Stadium; and construct other capital improvements, including safety and technology improvements throughout the District.

Statement For:

Puyallup School District's 2007 bond measure represents good planning and value.

Reflecting the quality of its schools, the District continues to grow by more than 300 students per year. The 2004 bond paid for building three new schools, but these will be full by the time they open in fall 2007. We must pass this bond to keep pace with enrollment growth and stay the course with building additional schools. We cannot afford to fall behind again.

This bond is an excellent value. It will raise \$259.5 million at a cost of only 29 cents per thousand dollars of assessed value -- less than one third of the 89 cent cost of the 2004 Bond, which raised \$198.5 million, and only one fifth of the \$1.40 cost of the 1991 bond, which raised just \$49.8 million.

Support good planning and responsible fiscal management by voting yes on this bond measure.
