

Voting is Cool

Voting is Cool is a K-6 elementary school program that we promote countywide for all public and private elementary schools. The program consists of a one-week curriculum with accompanying materials such as pencils, handouts, ballots, voter registration cards, etc. Along with the hands-on classroom experience, the County Council has passed a proclamation designating “Youth Voting Awareness Week,” October 25, 2004 - October 29, 2004 in support of the Voting is Cool program. The Puyallup New Car Dealers’ Association sponsored a poster contest. The winning poster is displayed on the cover of this pamphlet. It will also be displayed on billboards and other advertisements throughout the County. Also, watch for our Pierce Transit “Here Comes Voting is Cool” bus!
