## Employee Sustainability Knowledge & Actions

B-

**Air Quality**

B

**Sustainability Education**

B

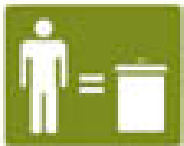

**Energy Efficiency**

D+

**Transportation**

C+

**Green Purchasing and Recycling**

B+

**Water Quality**

C+

Employee comments: Turn off printers/electronics, improve recycling, solar on buildings, reduce printing.

Office of Sustainability comments: Sustainability training around unplugging electronics and not using space heaters would help. Very little use of transit. A lack of understanding around water quality issues.
