

# Word on the Street:

## Improvements to 112th Street East (Woodland Avenue East to 86th Avenue East)

November 2006

### Schedule

March 2006 - Dec. 2008

└ Roadway Design

July 2007 - Dec. 2008

└ Acquire Right-of-Way

March 2007 - Dec. 2008

└ Finalize permits, environmental documents, plans and estimates

2009 - 2010

└ Construction

### Cost

Estimated cost: \$6.4 million to be paid from County Road Fund, Traffic Impact Fees and the Transportation Improvement Board Fund.

Engineering  
\$420,000

Right-of-Way  
\$2.5 million

Construction  
\$3.5 million

### What's happening

We're improving approximately 0.9 miles of 112<sup>th</sup> Street East from Woodland Avenue East to 86<sup>th</sup> Avenue East (CRP 5534). Improvements, designed to improve safety and relieve traffic congestion, include:

- Expanding to five lanes with a two-way left-turn lane.
- Adding concrete curbs, gutters and sidewalks.
- Adding an enclosed storm drain system as well as stormwater treatment and storage facilities.
- Adding a new traffic signal at 78th Avenue East, and improving the traffic signal at Fruitland Avenue East.
- Installing street lighting.

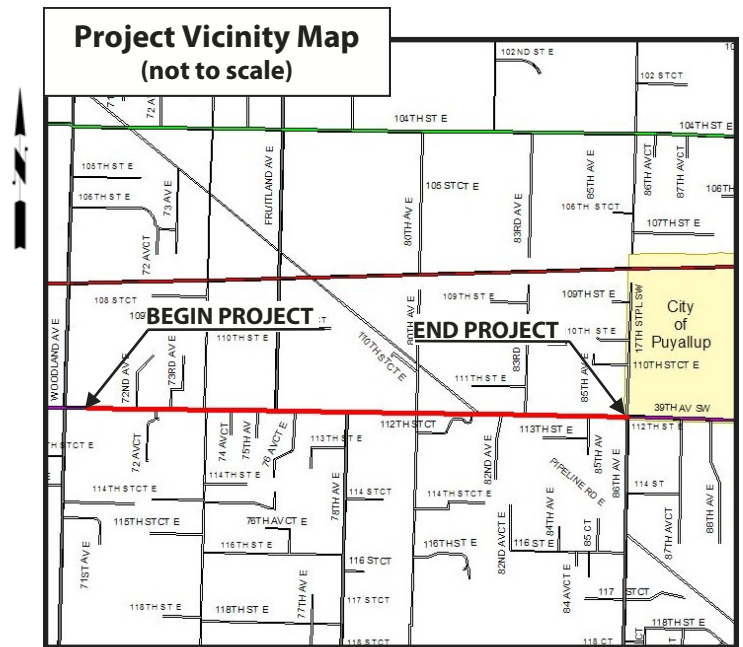

### The latest

**Engineering:** Roadway alignments are in the preliminary designs phase. This includes the lowering of 112<sup>th</sup> Street East to provide improved sight distance.

**Land:** We are in the exploration phase for two sites to be used for stormwater treatment and storage facilities.
