

6/1/06 – Construction Site Burglaries

The Peninsula Detachment needs you to be aware of the following crime trend and to contact us should you notice anything suspicious occurring in your neighborhood.

Over Memorial Day weekend, three burglaries to residential construction sites were reported. In one incident, a white Ford box van and two white males were seen at the burglary site at 1:30 in the morning. The citizen who witnessed this did not call 911 thinking it was a delivery to the home.

These three incidents are only the most recent in a number of burglaries which have occurred in the Peninsula area over the last few months. The unidentified suspects scour the construction site and take anything of value up to the size of a refrigerator or shower enclosure. The thefts occur in the evening, after construction crews have gone home for the day.

If you are aware of any construction sites in your neighborhood and observe suspicious activity, such as a vehicle parked at the site after work has stopped for the day, please call 9-1-1. Keep in mind that these crimes are usually occurring late in the evenings or at times when construction workers would not be working on the site. If it looks odd or suspicious, please call 911 and help us put a stop to this crime.
