

# Fish-Friendly Car Wash

## We Are Now Accepting Applications for FREE Fish Friendly Car Wash Kits!

Does your organization do fundraising car washes?

If your organization has more than 5 car washes per year, you can apply to receive a free Fish Friendly Car Wash Kit. The kits reduce your impacts on local waterways from car washing. If you have less than 5 events per year, please consider borrowing a kit from us to use at your next car wash event.

Are you interested in creating a Fish Friendly Car Wash Kit borrowing program in your community?

If your agency or organization is willing to create and coordinate a program which would allow others to borrow a Fish Friendly Car Wash Kit, you can also apply to receive a free kit.

Pierce County recently received a grant to purchase 30 Fish Friendly Car Wash Kits and place them in communities throughout the County for use by non-profit organizations. Interested organizations should fill out the attached application by April 1, 2011, for priority consideration, and return it to:

Tiffany O'Dell, Education and Outreach Coordinator  
By mail: 2702 S 42<sup>nd</sup> St, Suite 201, Tacoma, WA 98409
