April Forum

Knotweed Control Projects

Please join us to learn about this invasive plant, how it impacts water quality and habitat, and efforts to control it in the watershed. In addition, come learn about "Raise the Grade" projects in the watershed.

WHEN: Thursday, April 24th, 2014 5:00 - 6:45 p.m.
WHERE: Puyallup City Hall - Council Chambers, 5th Floor
333 South Meridian, Puyallup, WA 98371
*Our meetings are open to the public.
Your participation is welcome and encouraged!*

"Raise the Grade" Projects

Teresa Lewis will talk about Pierce County's "Raise the Grade" program and efforts to improve water quality in Swan, Clear and Canyon Falls creeks. Learn more at:
www.piercecountywa.org/raisethegrade

Stormwater Work Plan

Tom Kantz, Pierce County's Watershed Partners Unit Supervisor, will talk about Pierce County's draft 2014 Stormwater Management Plan. Learn more at:
www.piercecountywa.org/npdes

Knotweed - What is it and how can we control it?

Renee Mitchell, Pierce Conservation District (PCD) Knotweed Control Program Manager, will talk about the biology of knotweed, where it is growing, and how it is damaging critical fish and wildlife habitat. Renee will share how PCD and its partners are working together to identify and control this aggressive, invasive plant. Learn more at:
www.piercecountycd.org/knotweed
