

\*The schedule shown is approximate and subject to change. It is generally intended that Tehaleh's trails will be constructed generally concurrent with the development of adjacent parcels. The dates shown herein are approximate; the actual dates of trail installation will depend on the pace of development and/or as determined during parcel specific design review, preliminary plats, building permit.

**Legend**

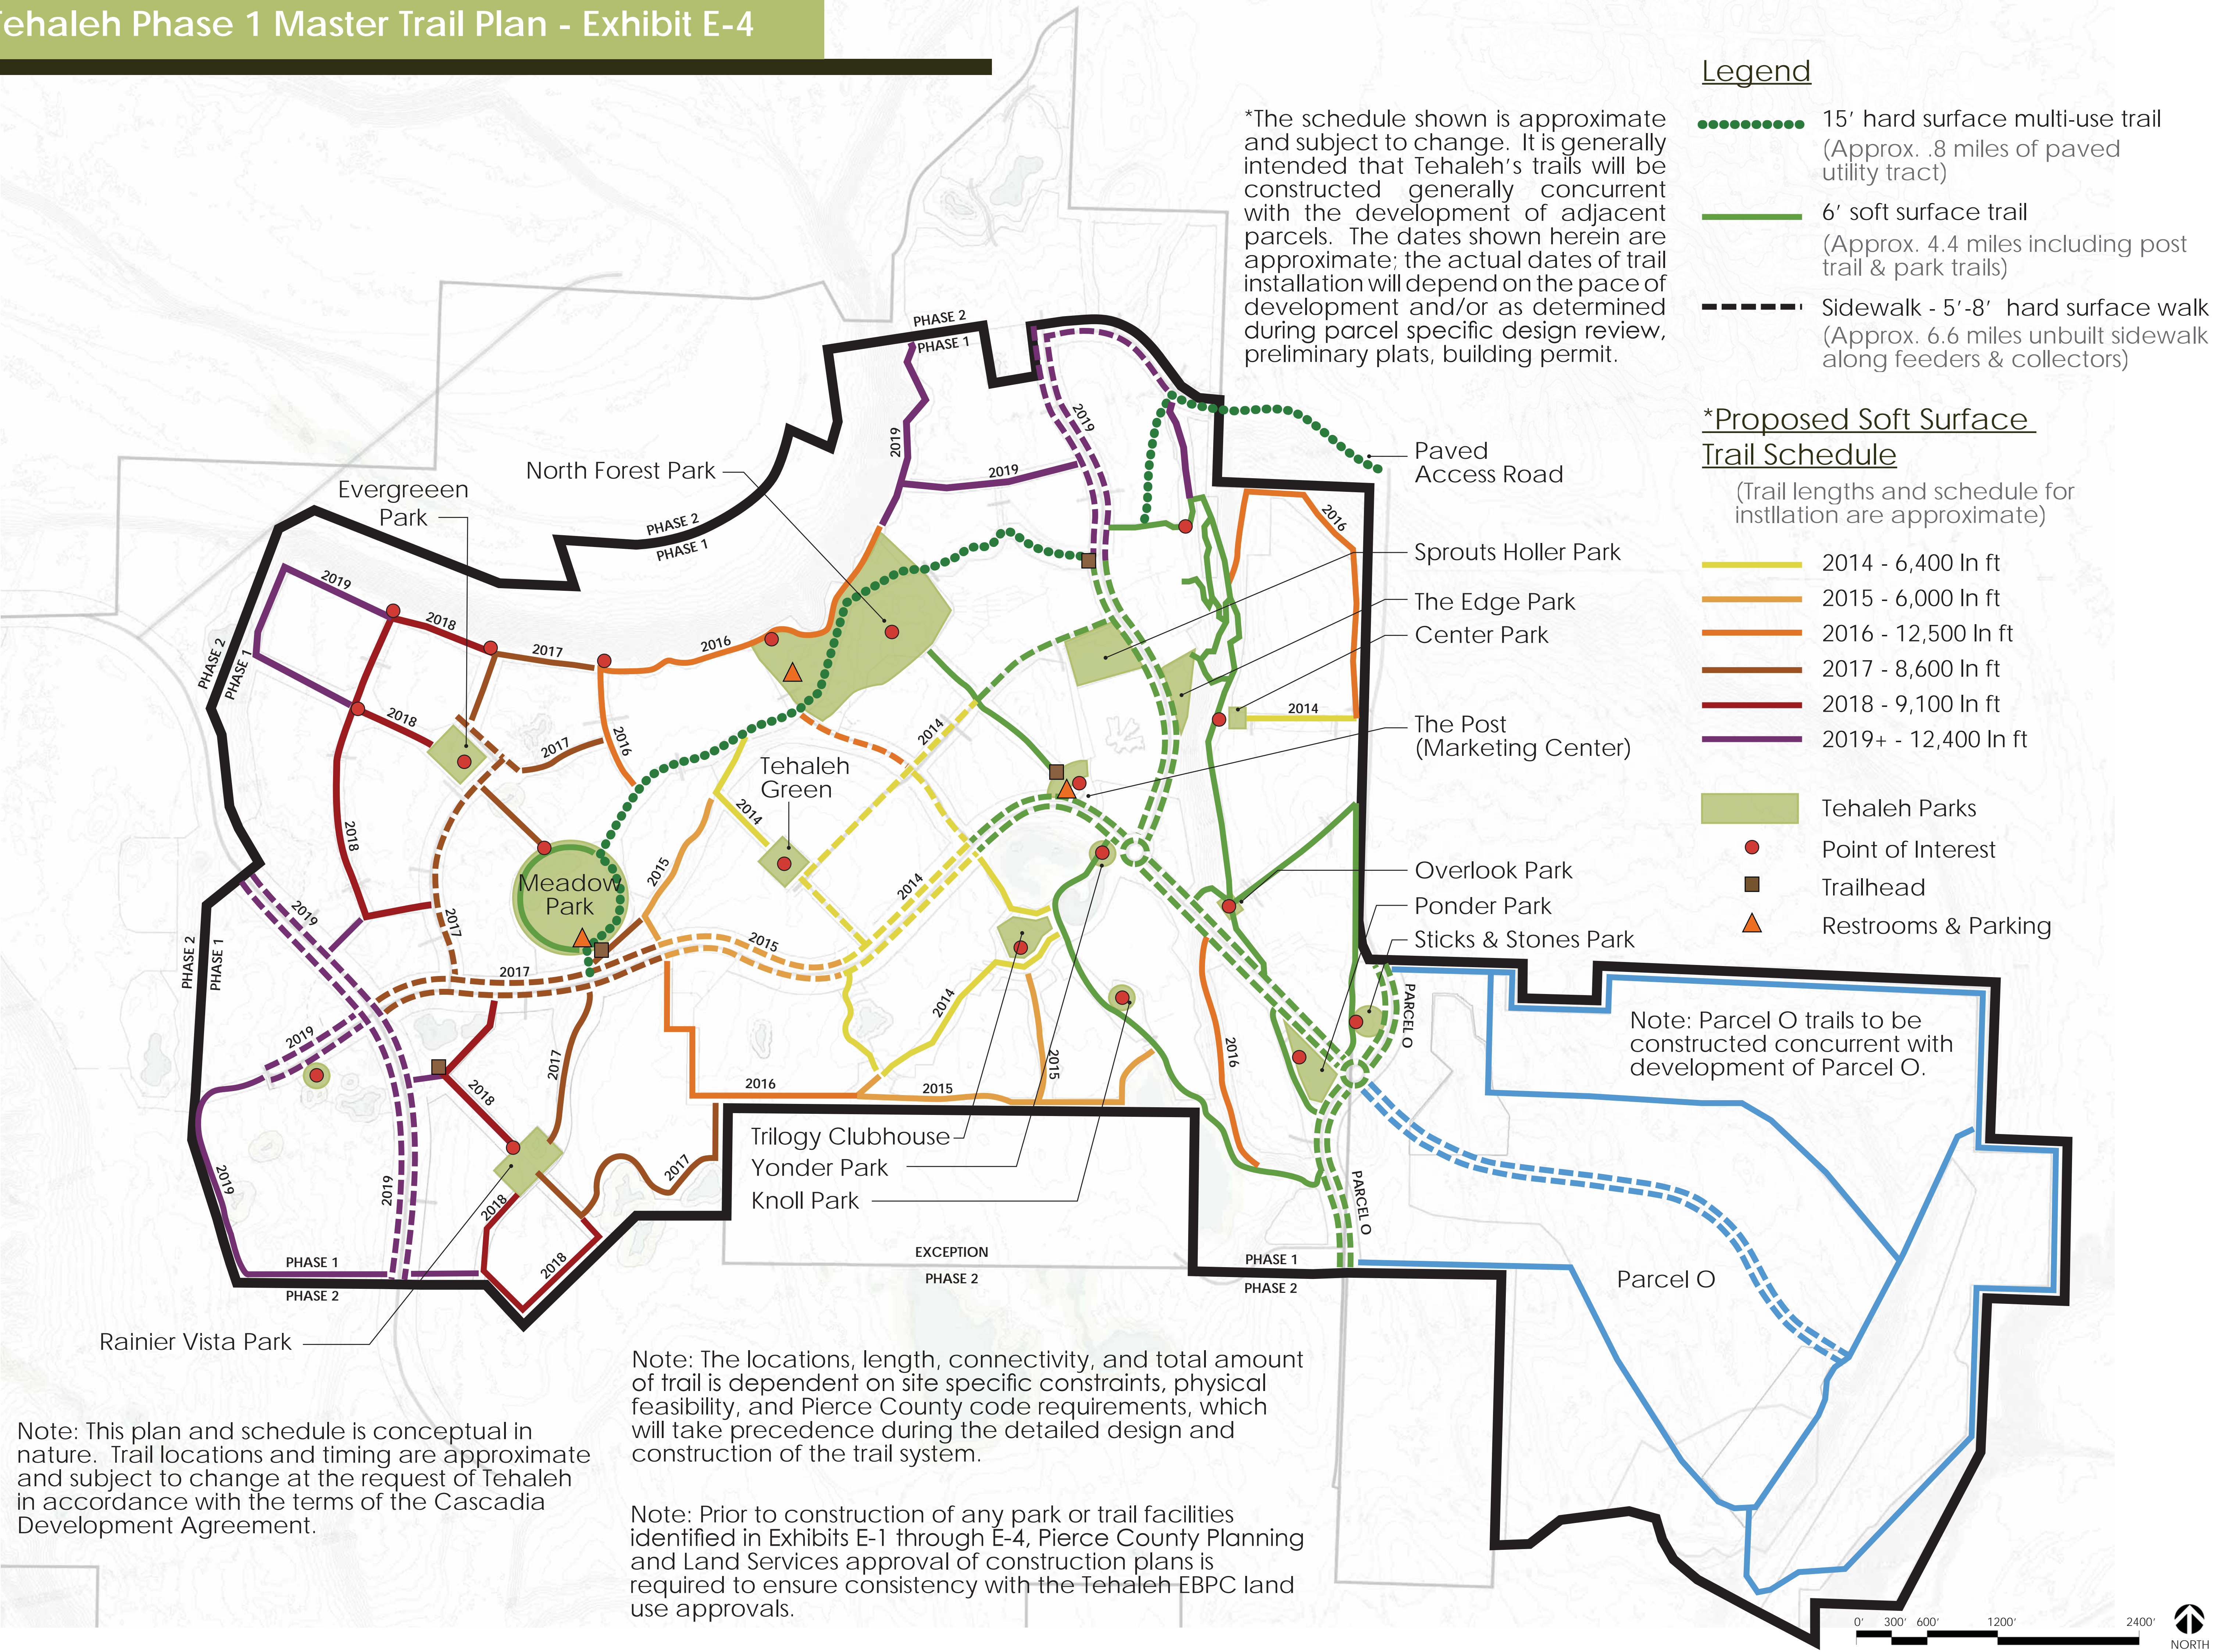

- ..... 15' hard surface multi-use trail (Approx. .8 miles of paved utility tract)
- 6' soft surface trail (Approx. 4.4 miles including post trail & park trails)
- Sidewalk - 5'-8' hard surface walk (Approx. 6.6 miles unbuilt sidewalk along feeders & collectors)

**\*Proposed Soft Surface Trail Schedule**  
(Trail lengths and schedule for installation are approximate)

- 2014 - 6,400 In ft
- 2015 - 6,000 In ft
- 2016 - 12,500 In ft
- 2017 - 8,600 In ft
- 2018 - 9,100 In ft
- 2019+ - 12,400 In ft

- Point of Interest
- Trailhead
- ▲ Restrooms & Parking

Note: Parcel O trails to be constructed concurrent with development of Parcel O.

Note: This plan and schedule is conceptual in nature. Trail locations and timing are approximate and subject to change at the request of Tehaleh in accordance with the terms of the Cascadia Development Agreement.

Note: The locations, length, connectivity, and total amount of trail is dependent on site specific constraints, physical feasibility, and Pierce County code requirements, which will take precedence during the detailed design and construction of the trail system.

Note: Prior to construction of any park or trail facilities identified in Exhibits E-1 through E-4, Pierce County Planning and Land Services approval of construction plans is required to ensure consistency with the Tehaleh EBPC land use approvals.
