A. Of the Work

All materials furnished and work done shall be subject to inspection.

The Inspector administering the Contract shall at all times have access to the work wherever it is in progress or being performed, and the Vendor shall provide proper facilities for such access and inspection. All material or work approved and later found to be defective shall be replaced without cost to Pierce County.

B. Inspector's Authority

The Inspector shall have power to reject materials or workmanship which do not fulfill the requirements of these Specifications, but in case of dispute the Vendor may appeal to the Pierce County Purchasing Agent, whose decision shall be final.

The Contract shall be carried out under the general control of the representative of the particular Department administering the Contract, who may exercise such control over the conduct of the work as may be necessary, in his or her opinion, to safeguard the interest of Pierce County. The Vendor shall comply with any and all orders and instructions given by the representative of the particular Department administering the Contract in accordance with the terms of the Contract.

All of the costs (including shipping, dismantling and reinstallation) of repairs and/or corrections of defective or failed equipment, supplies and/or material is the responsibility of the supplier and/or manufacturer.

When the supplier is not the manufacturer of the item or equipment, supplier agrees to be responsible for this guarantee and supplier is not relieved by a manufacturer's guarantee. The supplier hereby assigns to the County the contractor's right to enforce all manufacturer's warranties for materials or systems incorporated into the work, to the extent defects which are not corrected by the supplier under their guarantee. The supplier shall provide evidence of all manufacturers' warranties prior to acceptance.

The Contract guarantee period shall be suspended from the time a significant defect is first documented by the County until the work or equipment is repaired or replaced by Vendor and accepted by the County. In addition, in the event less than ninety (90) days remain on the guarantee period (after deducting the period of suspension), the guarantee period shall be extended to allow for at least ninety (90) days from the date the work or equipment is repaired or replaced and accepted by the County.

2.7 PIERCE COUNTY'S RIGHT TO TERMINATE CONTRACT

A. Termination for Default

If the Vendor defaults by failing to perform any of the obligations of the contract or becomes insolvent or is declared bankrupt or commits any act of bankruptcy or insolvency or makes an assignment for the benefit of creditors, the County may, by depositing written notice to the Vendor in the U.S. mail, postage prepaid, terminate the contract, and at the County's option, obtain performance of the work elsewhere. If the contract is terminated for default, the Vendor shall not be entitled to receive any further payments under the contract until all work called for has been fully performed. Any extra cost or damage to the County resulting from such default(s) shall be deducted from any money due or coming due to the Vendor. The Vendor shall bear any extra expenses incurred by the County in completing the work, including all increased costs for completing the work, and all damage sustained, or which may be sustained by the County by reason of such default.

If a notice of termination for default has been issued and it is later determined for any reason that the Vendor was not in default, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to the Termination for Public Convenience paragraph hereof.

B. Termination for Public Convenience

The County may terminate the contract in whole or in part whenever the County determines, in its sole discretion, that such termination is in the best interests of the County. Whenever the contract is terminated in accordance with this paragraph, the Vendor shall be entitled to payment for actual work performed at unit contract prices for completed items of work. An equitable adjustment in the contract price for partially completed items of work will be made, but such adjustment shall not include provision for loss of anticipated profit on deleted or uncompleted work. Termination of this contract by the County at any time during the term, whether for default or convenience, shall not constitute a breach of contract by the County.

2.8 VENUE AND CHOICE OF LAW

In the event that any litigation should arise concerning the construction or interpretation of any of the terms of this Agreement, the venue of such action of litigation shall be in the Superior Court of the State of Washington in and for the County of Pierce. This Agreement shall be governed by the law of the State of Washington.

If an adjustment in payment is necessary due to damage or dispute, the cash discount period shall commence on the date final approval for payment is authorized. Payment will not be considered late if the payment is mailed within the time specified. If no terms are specified, net 30 days will automatically apply. Payment(s) made in accordance with contract terms shall fully compensate the Contractor for all risk, loss, damages, or expense of whatever nature and acceptance of payment shall constitute a waiver of all claims submitted by Contractor.

2.10 WITHHOLDING PAYMENT

In the event the Contracting Officer determines that the Contractor has failed to perform any obligation under this Agreement within the times set forth in this Agreement, then the County may withhold from amounts otherwise due and payable to Contractor the amount determined by the County as necessary to cure the default, until the Contracting Officer determines that such failure to perform has been cured. Withholding under this clause shall not be deemed a breach entitling Contractor to termination or damages, provided that the County promptly gives notice in writing to the Contractor of the nature of the default or failure to perform, and in no case more than 8 days after it determines to withhold amounts otherwise due. A determination of the Contracting Officer set forth in a notice to the Contractor of the action required and/or the amount required to cure any alleged failure to perform shall be deemed conclusive, except to the extent that the Contractor acts within the times and in strict accord with the provisions of the Disputes clause of this Agreement. The County may act in accordance with any determination of the Contracting Officer which has become conclusive under this clause, without prejudice to any other remedy under the Agreement, to take all or any of the following actions: (1) cure any failure or default, (2) to pay any amount so required to be paid and to charge the same to the account of the Contractor, (3) to set off any amount so paid or incurred from amounts due to become due the Contractor.
